At the December 18, 2025 meeting of the Michigan Public Service Commission in Lansing,
Michigan.

PRESENT: Hon. Daniel C. Scripps, Chair
Hon. Katherine L. Peretick, Commissioner
Hon. Shaquila Myers, Commissioner

ORDER APPROVING SETTLEMENT AGREEMENT

On June 27, 2025, Northern States Power Company, a Wisconsin corporation, (NSP-W) filed an application in this case regarding its 2026-2027 energy waste reduction plan, which notified the Commission of the company's intent to make alternative compliance payments to the state administrator, Efficiency United, pursuant to MCL 460.1091.

A prehearing conference was held on August 5, 2025, before Administrative Law Judge Katherine E. Talbot. NSP-W and the Commission Staff (Staff) participated in the proceeding. On October 9, 2025, the Staff filed testimony and exhibits in the docket.

Subsequently, the parties submitted a settlement agreement resolving all the issues in the case.

The Commission has reviewed the settlement agreement and finds that the public interest is adequately represented by the parties that entered into the settlement agreement. The Commission

further finds that the settlement agreement is in the public interest, represents a fair and reasonable resolution of the proceeding and should be approved.

THEREFORE, IT IS ORDERED, that:

A. The settlement agreement, attached as Exhibit A, is approved.

B. Within 30 days of the date of this order, Northern States Power Company shall file tariff sheets substantially similar to that attached to the settlement agreement as Attachments 1 and 2. After the tariff sheets have been reviewed and accepted by the Commission Staff for inclusion in the company's tariff books, Northern States Power Company shall promptly file the final tariff sheets in this docket and serve all parties.

The Commission reserves jurisdiction and may issue further orders as necessary.

Any party desiring to appeal this order must do so in the appropriate court within 30 days after issuance and notice of this order, pursuant to MCL 462.26. To comply with the Michigan Rules of Court's requirement to notify the Commission of an appeal, appellants shall send required notices to both the Commission's Executive Secretary and to the Commission's Legal Counsel.

Electronic notifications should be sent to the Executive Secretary at LARA-MPSC-Edockets@michigan.gov and to the Michigan Department of Attorney General - Public Service Division at sheacl@michigan.gov. In lieu of electronic submissions, paper copies of such notifications may be sent to the Executive Secretary and the Attorney General - Public Service Division at 7109 W. Saginaw Hwy., Lansing, MI 48917.

SETTLEMENT AGREEMENT

Pursuant to MCL 24.278 and Rule 431 of the Michigan Administrative Hearing System's Administrative Rules, R 792.1043, Northern States Power Company, a Wisconsin corporation, ("NSP-W" or the "Company") and the Michigan Public Service Commission ("Commission") Staff ("Staff") agree as follows:

1. On November 7, 2024, the Commission issued its Order in Case No. U-21679 et al., opening the docket in this matter and directing the Company to file its electric and natural gas energy waste reduction plan for the 2026 and 2027 calendar years.

2. On June 27, 2025, the Company filed its application. This filing advised of NSP-W's Provider Notification of Intent to Elect Efficiency United to Offer Energy Waste Reduction Services for 2026-2027.

3. On July 1, 2025, the Commission's Executive Secretary issued the Notice of Hearing in this proceeding directing the Company to mail a copy of the Notice of Hearing to all cities, incorporated villages, townships, and counties in its Michigan electric and gas service areas, as well as to intervenors in Case Nos. U-21565, U-21226, and U-21324. Further, the Company

was directed to publish the Notice of Hearing in a newspaper of general circulation throughout its Michigan electric and gas service areas. On August 1, 2025, the Company electronically filed its affidavit of mailing and proof of publication.

4. On August 5, 2025, Administrative Law Judge Katherine E. Talbot conducted a prehearing conference. The Company and Staff participated in the proceeding. There were no intervenors.

5. On October 9, 2025, Staff filed their direct testimony and exhibit sponsoring Efficiency United's pricing portfolio for 2026-2027 and identified the related alternative compliance payments for electric and natural gas service.¹

6. Subsequently, the parties engaged in settlement discussions which led to the following understandings:

- a. The Company's proposal to meet the requirements of Act 295, as amended by making alternative compliance payments to Efficiency United for 2026-2027 is reasonable and in the public interest and should be approved by the Commission.
- b. As reflected in Exhibit S-1: In connection with electric services, the Company shall, on behalf of its customers, pay Efficiency United the alternative compliance payment of \$937,432 annually for 2026 and 2027, which is based on a savings target of 2.0%, and in relation to natural gas services, the Company shall, on behalf of its customers, pay Efficiency United the alternative compliance payments of \$243,014 annually for 2026

¹ In this testimony Staff sponsored alternative compliance payments based on an electric energy savings target of 1.5% and 2.0%. Thereafter, on October 15, 2025, Staff filed testimony in NSP-W's currently pending IRP proceeding, Case No. U-21814, wherein the Staff recommended the establishment of a 2.0% EWR savings target for electric sales.

and 2027, which is based on a savings target of 0.875%. Each annual amount shall be paid in equal monthly installments over the applicable calendar year. Efficiency United may update the alternative compliance payment amount for 2027 as provided for in the Commission's Energy Waste Reduction Framework adopted in Case No. U-21654.

- c. It is agreed for 2026 and 2027, that the “% of goal achieved” for electric energy savings will be equal to 2% annually which may be levelized over the two-year period. If Efficiency United fails to meet at least 80% of 2% levelized average savings over the two-year period (aka “80% Threshold”), then NSP-W reserves the right in the next biennial EWR plan to request a reduced energy savings target to reflect actual results so long as the proposed electric energy savings target is not less than 1.5% and is approved by the Commission.
- d. If NSP-W elects in its next biennial to continue to use Efficiency United, and there is an underspend at the end of 2027, that underspend funds will be used to reduce the cost of the alternative compliance payments for that biennial plan period. Should NSP-W for its next biennial EWR plan filing (2028-2029) elect to file its own energy waste reduction plan instead of electing Efficiency United, Staff agrees to audit Efficiency United for the year ending 2027 to determine if unspent funds exist. If Staff determines that there are unspent funds, the parties agree to determine the most reasonable method to credit the unspent funds to NSP-W's Michigan electric and natural gas customers.

- e. Consistent with MCL 460.1091(4), NSP-W's electric EWR surcharges should be increased to recover the alternative compliance payment of \$937,432 as set forth in Attachment 1 hereto, and NSP-W's natural gas EWR surcharges should be increased to recover the alternative compliance payment of \$243,014 as set forth in Attachment 2 hereto, effective January 1, 2026.

7. All of the signatories are of the opinion that this settlement agreement is reasonable, prudent, in the public interest, and will aid in the expeditious conclusion of this case.

8. This settlement agreement is entered into for the sole and express purpose of reaching a compromise among the parties. All offers of settlement and discussions relating to this settlement are considered privileged under MRE 408. If the Commission approves this settlement agreement without modification, neither the parties to the settlement nor the Commission shall make any reference to, or use this settlement agreement or the order approving it, as a reason, authority, rationale or example for taking any action or position or making any subsequent decision in any other case or proceeding; provided, however, such references may be made to enforce or implement the provisions of this settlement agreement and the order approving it.

9. Pursuant to Rule 431(6) of the Michigan Administrative Hearing System's Administrative Rules, R 792.1043(6) the parties agree any order approving this settlement agreement shall not establish precedent for future proceedings and shall not be used as such. This settlement agreement is based on the facts and circumstances of this case and is intended as the final disposition of Case No. U-21683 only. If the Commission approves this settlement agreement, without modification, the undersigned parties agree not to appeal, challenge or, otherwise, contest the Commission order approving this settlement agreement only.

10. This settlement agreement is not severable. Each provision of this settlement agreement is dependent upon all other provisions of this settlement agreement. Failure to comply with any provision of this settlement agreement constitutes failure to comply with the entire settlement agreement. If the Commission rejects or modifies this settlement agreement or any provision of this settlement agreement, this settlement agreement shall be deemed to be withdrawn, shall not constitute any part of the record in this proceeding or be used for any other purpose, and shall not operate to prejudice the pre-negotiation positions of any party.

11. The parties agree to waive Section 81 of the Administrative Procedures Act of 1969 (MCL 24.281), as it applies to the issues in this proceeding, if the Commission approves this settlement agreement without modification.
