In the matter, on the Commission’s own motion,)	
regarding the regulatory reviews, revisions,)	
determinations, and/or approvals necessary for)	Case No. U-18353
INDIANA MICHIGAN POWER COMPANY)	
to comply with Section 61 of 2016 PA 342.)	
_____)	

At the January 29, 2026 meeting of the Michigan Public Service Commission in Lansing, Michigan.

PRESENT: Hon. Daniel C. Scripps, Chair
Hon. Katherine L. Peretick, Commissioner
Hon. Shaquila Myers, Commissioner

ORDER

Public Act 342 of 2016 (Act 342) was signed into law on December 21, 2016, and became effective on April 20, 2017. Among other things, Act 342 amends Public Act 295 of 2008, MCL 460.1001 *et seq.*, by adding Section 61, MCL 460.1061, which requires electric providers to offer voluntary green pricing (VGP) programs to their customers. Section 61 states:

An electric provider shall offer to its customers the opportunity to participate in a voluntary green pricing program under which the customer may specify, from the options made available by the electric provider, the amount of electricity attributable to the customer that will be renewable energy. If the electric provider’s rates are regulated by the commission, the program, including the rates paid for renewable energy, must be approved by the commission. The customer is responsible for any additional costs incurred and shall accrue any additional savings realized by the electric provider as a result of the customer’s participation in the program. If an electric provider has not yet fully recovered the incremental costs of compliance, both of the following apply:

(a) A customer that receives at least 50% of the customer's average monthly electricity consumption through the program is exempt from paying surcharges for incremental costs of compliance.

(b) Before entering into an agreement to participate in a commission-approved voluntary green pricing program with a customer that will not receive at least 50% of the customer's average monthly electricity consumption through the program, the electric provider shall notify the customer that the customer will be responsible for the full applicable charges for the incremental costs of compliance and for participation in the voluntary renewable energy program as provided under this section.

MCL 460.1061.

On July 12, 2017, in Case Nos. U-18349 *et al.*, the Commission issued an order (July 12 order) directing electric providers, including Indiana Michigan Power Company (I&M), to file proposed VGP programs by October 18, 2017. Additionally, the Commission stated that "VGP programs and tariffs should be revisited as needed (e.g., whenever a new program or tariff is proposed) or every two years at minimum, beginning in October 2019." July 12 order, p. 14. In the April 18, 2018 order in Case Nos. U-18349 *et al.* (April 18 order), the Commission approved I&M's VGP program, the IM Green program, along with VGP programs for other electric providers. April 18 order, pp. 6-7. On September 10, 2020, the Commission issued an order in Case Nos. U-18349 *et al.* (September 10 order) approving I&M's amended IM Green program, which included the Standard Program option. September 10 order, pp. 6-7. The Standard Program option provided for I&M to submit an *ex parte* filing to update the IM Green Credit based on the associated Transfer Price Schedule rates approved by the Commission and effective for the subsequent year. September 10 order, Exhibit B, p. 2 (applying natural pagination). Thereafter, the Commission approved ongoing updates to the IM Green Program in the May 13, 2021 order (May 13 order) and April 25, 2022 order (April 25 order) in this docket. *See*, May 13 order, p. 3, and April 25 order, p. 4.

On December 21, 2023, the Commission approved a settlement agreement in this case (December 21 order) that updated I&M's Go Green Local Surcharge and Go Green Local Credit and approved new offerings for its VGP program. December 21 order, pp. 2-3.

On November 20, 2025, I&M filed an application in the instant case, and on December 3, 2025, filed an amended application, with supporting exhibits, requesting *ex parte* approval of a biennial update to its VGP Rider/Go Green Program reflecting an updated Go Green Local surcharge rate and credit rate. Amended application, pp. 2-3. In the amended application, the company explains that it has updated the Go Green surcharge based on the company's forecasted cost of service for 2026 and 2027, which updates the Go Green credit based on the transfer price schedule rates filed in Case No. U-15800. *Id.*, p. 2. Exhibit A to the company's amended application provides a calculation supporting the updated credit amount. I&M explains that the updated credit amount is based on the megawatt-hours of generation used in Case No. U-21843 and updates the related allocation factors as approved in Case No. U-21461, I&M's most recent rate case proceeding, as well as the related transfer price schedule published in Case No. U-15800. According to I&M, the updated Go Green Local surcharge is \$0.03987 for each kilowatt-hour (kWh) and the updated Go Green Local credit is \$0.01534 for each kWh. Amended application, p. 3.

I&M also requests approval of the VGP Rider/Go Green Program Tariff, First Revised Sheet No. 88.20, attached to the amended application as Exhibit B, which reflects the updated Go Green Local Surcharge rate and Credit rate. Lastly, the company states that *ex parte* approval is appropriate because approval of its proposed updates to the Go Green Local surcharge rate and credit rate will not result in an increase in the cost of service to customers. Amended application, p. 3.

The Commission Staff has reviewed the company's amended application and supporting exhibits and recommended that the Commission approve I&M's amended application to update its VGP Rider/Go Green Program Tariff.

The Commission has reviewed I&M's amended application and supporting exhibits and finds that the updated Go Green Local surcharge rate and credit rate is well-supported and reasonable and should be approved. The amended application and updated customer surcharge and credit are consistent with the Commission's previous approval of the Go Green Local Surcharge option within the IM Green program. The Commission also finds that it is appropriate for I&M to continue to update the Go Green Local Surcharge on a biennial basis.

The Commission further finds that *ex parte* review and approval are appropriate because approval will not affect rates or rate schedules resulting in an increase in the cost of service to customers. *See*, MCL 460.6a(3).

THEREFORE, IT IS ORDERED that:

- A. Indiana Michigan Power Company's December 3, 2025 amended application is approved.
- B. Indiana Michigan Power Company's Voluntary Green Pricing Rider/Go Green Program Tariff is approved and shall be effective with the first billing cycle following this order.
- C. Within 30 days of the date of this order, Indiana Michigan Power Company shall file with the Commission tariff sheets substantially similar to those included in Exhibit B to the amended application. After the tariff sheets have been reviewed and accepted by Commission Staff for inclusion in the company's tariff book, Indiana Michigan Power Company shall promptly file the final tariff sheets in this docket and serve all parties.

The Commission reserves jurisdiction and may issue further orders as necessary.

Any party desiring to appeal this order must do so in the appropriate court within 30 days after issuance and notice of this order, pursuant to MCL 462.26. To comply with the Michigan Rules of Court's requirement to notify the Commission of an appeal, appellants shall send required notices to both the Commission's Executive Secretary and to the Commission's Legal Counsel.

Electronic notifications should be sent to the Executive Secretary at LARA-MPSC-Edockets@michigan.gov and to the Michigan Department of Attorney General - Public Service Division at sheacl@michigan.gov. In lieu of electronic submissions, paper copies of such notifications may be sent to the Executive Secretary and the Attorney General - Public Service Division at 7109 W. Saginaw Hwy., Lansing, MI 48917.

MICHIGAN PUBLIC SERVICE COMMISSION

Daniel C. Scripps, Chair

Katherine L. Peretick, Commissioner

Shaquila Myers, Commissioner

By its action of January 29, 2026.

Lisa Felice, Executive Secretary
