At the June 11, 2026 meeting of the Michigan Public Service Commission in Lansing,
Michigan.

PRESENT: Hon. Daniel C. Scripps, Chair
Hon. Katherine L. Peretick, Commissioner
Hon. Shaquila Myers, Commissioner

ORDER APPROVING SETTLEMENT AGREEMENT

On March 2, 2026, consistent with the Commission’s directives in the November 30, 2017 order in Case No. U-18253, Upper Michigan Energy Resources Corporation (UMERC) filed an application with supporting testimony in the instant docket for review and approval of its state reliability mechanism (SRM) capacity charge. In the application, UMEREC requests a continuation of the SRM capacity charge approved in the October 10, 2024 order in Case No. U-21541, which was extended by the April 24, 2025 order approving a settlement agreement in Case No. U-21852.

On April 28, 2026, a prehearing conference was held before Administrative Law Judge Jacqueline Langwith. UMEREC and the Commission Staff also participated in the proceeding. Subsequently, the parties submitted a settlement agreement resolving all issues in the case.

The Commission has reviewed the settlement agreement and finds that the public interest is adequately represented by the parties who entered into the settlement agreement. The Commission further finds that the settlement agreement is in the public interest, represents a fair and reasonable resolution of the proceeding and should be approved.

THEREFORE, IT IS ORDERED that the settlement agreement, attached to this order as Exhibit A, is approved, and the state reliability mechanism capacity charge approved for Upper Michigan Energy Resources Corporation in the October 10, 2024 order in Case No. U-21541 shall continue to remain in effect until the final order in Upper Michigan Energy Resources Corporation's next general rate case or its next annual state reliability mechanism capacity charge review proceeding, whichever occurs first.

The Commission reserves jurisdiction and may issue further orders as necessary.

Any party desiring to appeal this order must do so in the appropriate court within 30 days after issuance and notice of this order, pursuant to MCL 462.26. To comply with the Michigan Rules of Court's requirement to notify the Commission of an appeal, appellants shall send required notices to both the Commission's Executive Secretary and to the Commission's Legal Counsel.

Electronic notifications should be sent to the Executive Secretary at LARA-MPSC-Edockets@michigan.gov and to the Michigan Department of Attorney General - Public Service Division at sheacl@michigan.gov. In lieu of electronic submissions, paper copies of such notifications may be sent to the Executive Secretary and the Attorney General - Public Service Division at 7109 W. Saginaw Hwy., Lansing, MI 48917.

MICHIGAN PUBLIC SERVICE COMMISSION

Daniel C. Scripps, Chair

Katherine L. Peretick, Commissioner

Shaquila Myers, Commissioner

By its action of June 11, 2026.

SETTLEMENT AGREEMENT

As provided in Section 77 of the Administrative Procedures Act of 1969 (“APA”), as amended, MCL 24.278, and Rule 431 of the Michigan Administrative Hearing System’s Administrative Hearing Rules, Mich Admin Code, R 79210431, Upper Michigan Energy Resources Corporation (“UMERC” or the “Company”) and the Michigan Public Service Commission Staff (“Staff”) hereby agree as follows:

1. On October 10, 2024, the Michigan Public Service Commission (“MPSC” the “Commission”) issued its Order Approving Settlement Agreement in Case No. U-21541 authorizing UMEREC, among other things, to implement a State Reliability Mechanism (“SRM”) capacity charge of \$224,161 per megawatt-year, effective January 1, 2025, and directing UMEREC to continue to comply with the Commission’s November 30, 2017 Order in Case No. U-18253 regarding annual SRM review filings for subsequent years.

2. On March 2, 2026, consistent with the Commission’s directives in its November 30, 2017 Order in Case No. U-18253, UMEREC filed its application for the annual SRM review along with supporting direct testimony of Richard F. Stasik which requested a continuation of the SRM charge approved in Case No. U-21541 and more recently in Case No. U-21852.

3. On March 27, 2026, the Commission's Executive Secretary issued a Notice of Hearing and a correspondence directing UMERL to mail and publish the Notice of Hearing. On April 16, 2026, UMERL caused to have filed in this docket affidavits of mailing and publication.

4. On April 28, 2026, Administrative Law Judge Jacqueline Langwith presided over the prehearing conference. The Staff appeared at the prehearing and there were no intervenors.

5. Staff reviewed UMERL's annual review of its SRM capacity charge in this case and concluded that the \$224,161 per megawatt-year charge as approved in Case No. U-21541 continues to be reasonable.

6. Following Staff's review, the parties engaged in settlement discussions and agreed that the current SRM capacity charge, as established by the Commission in its Order in Case No. U-21541, shall remain in effect.

7. The parties further agree that UMERL's SRM capacity charges will be subject to review in the Company's next general rate case, and UMERL, as part of its application and direct testimony in that case, will do the following:

- a. Split power supply costs between fuel, power purchased pursuant to contract, and power obtained from the market, and provide any supporting information necessary to show how the split was conducted and why it is reasonable;
- b. Split the above categories of costs further between demand and energy and provide any supporting information necessary to show how the split was performed and why it is reasonable;

- c. Separately provide the market value of all purchases in the market, Company generation, and purchases pursuant to contract, calculated as hourly LMP times the energy in question;
- d. Continue separately identifying fuel and non-fuel power supply expenses and plant and provide any supporting information necessary to show how the split was conducted and why it is reasonable;
- e. Identify revenues from ancillary services, and any other of the offsets identified by the Commission in U-18253 not previously addressed;
- f. Make a proposal on the appropriate calculation of the SRM capacity charges pursuant to the Commission's prior direction; notwithstanding it is understood that the Company may as well make an alternative proposal; and
- g. Fulfill the directive made in the November 30, 2017 order issued in Case No. U-18253 (pp 41-42) and file a cost of service study and rate design as related to the SRM capacity charges in a manner similar to that approved in Case Nos. U-18239 and U-18248, unless otherwise directed by future Commission order or precedent.

8. The next annual review of the Company's SRM capacity charge will be in UMER's next general rate case. In the event a general rate case is not filed or is significantly delayed, the next annual review of the Company's SRM capacity charge will occur in a standalone case commenced in 2027.

9. It is the opinion of the parties that this Settlement Agreement is reasonable, will promote the public interest, will aid the expeditious conclusion of this case, and will minimize the time and expense which would otherwise have to be devoted to this matter by the parties. This

Settlement Agreement is not severable, and all provisions of the same are dependent upon all other provisions contained herein.

10. This Settlement Agreement has been made for the sole and express purpose of settling this case. All offers of settlement and discussions relating hereto are, and shall be considered, privileged under MRE 408 and shall not be used in any manner, or be admissible for any other purpose in connection with this proceeding or any other proceeding hereof.

11. Neither the parties to the settlement nor the Commission shall use this Settlement Agreement or the order approving it, as precedent in any other case or proceeding, except as necessary to carry out its terms.

12. This Settlement Agreement is intended to be a final disposition of this proceeding, and the parties join in respectfully requesting that the Commission grant prompt approval. The parties agree not to appeal, challenge, or contest the Commission's Order accepting and approving this Settlement Agreement without modification. If the Commission does not accept the Settlement Agreement without modification, the Agreement shall be withdrawn and shall not constitute any part of the record in this proceeding or be used for any other purpose whatsoever.

13. All signatories waive Section 81 of the APA of 1969, as amended, MCL 24.281, as it applies to the issues in this proceeding if the Commission approves this Settlement Agreement without modification.
