

On February 23, 2021, Michigan State University (MSU) filed a petition for a declaratory order regarding registering its power plant as a qualifying facility (QF) with a limited request to waive certain filing requirements. MSU also requests approval of a refund report. The Michigan Public Service Commission (PSC) is an agency of the State of Michigan, created by 1939 Pub. Acts 3, Mich. Comp. Laws Ann. § 460.1 *et seq.* As the Michigan regulatory agency having jurisdiction and authority to control and regulate rates, charges, and conditions of service for the retail sale of natural gas and electricity in the State, the Michigan PSC, as a “state commission” as defined in 16 U.S.C. § 796 (15) and 18 C.F.R. § 1.101(k) has an interest in this proceeding that cannot be adequately represented by another party.
